Item 1

Opening of the thirtieth session

3. The Director of the Division for Oceans Affairs and the Law of the Sea, Office of Legal Affairs, opened the thirtieth session of the Commission.
4. The Commission observed a minute of silence in honour of former members of the Commission, Alexandre Tagore Medeiros de Albuquerque and Kensaku Tamaki.

Statement by the Director of the Division

5. The Director of the Division made a brief statement on behalf of the Legal Counsel. Among other things, he recalled the significant contribution of the late Messrs. Albuquerque and Tamaki to the work of the Commission. He also highlighted the symbolic importance of the year 2012, which marked the fifteenth anniversary of the Commission and the thirtieth anniversary of the opening for signature of the United Nations Convention on the Law of the Sea.

Item 2

Solemn declaration by the members of the Commission

6. Pursuant to rule 10 of the rules of procedure of the Commission (CLCS/40/Rev.1), the members of the Commission made solemn declarations and delivered signed copies thereof to the Director of the Division.

Item 3

Election of the Chair

7. The Director of the Division, as the representative of the Secretary-General, facilitated the election by the Commission of its new Chair, Mr. Awosika. In accordance with rule 13 of the rules of procedure, the Chair of the Commission was elected for a term of two and one half years and will be eligible for re-election.

Item 4

Adoption of the agenda

8. The Commission considered the provisional agenda (CLCS/L.33) and adopted it, as amended (CLCS/75).⁵

⁵ In response to an invitation by the Chair to present their submissions at the thirtieth session, Iceland (with regard to its submission on the Ægir Basin area and the western and southern parts of Reykjanes Ridge), Pakistan, France (with regard to its submission in respect of La Réunion Island and Saint-Paul and Amsterdam Islands), Sri Lanka and Gabon indicated a preference to make their presentations at a later session. The deferrals of the presentations to a later time were communicated to the Chair on the understanding that they would not affect the position of the submissions in the queue.

Item 5

Election of the Vice-Chairs

9. Following consultations, Messrs. Carrera, Jaoshvili, Park and Roest were elected by acclamation as Vice-Chairs. In accordance with rule 13 of the rules of procedure, the Vice-Chairs were elected for a term of two and one-half years and will be eligible for re-election.

Item 6

Workload of the Commission

10. The Commission discussed the request by the Meeting of States Parties to the Convention (SPLOS/229, para. 1) that the Commission consider, in coordination with the Secretariat, meeting in New York for up to 26 weeks, but not less than an intended minimum of 21 weeks per year for a period of five years, distributed in whichever way that the Commission determines to be the most effective, and that no two sessions be sequential. In that connection, a number of proposals were made with regard to the working methods of the Commission and its subcommissions.

11. The Commission decided to hold, during 2013, three sessions of seven weeks each, including plenary meetings, for a total of 21 weeks of meetings of the Commission and its subcommissions. It also decided that four of those 21 weeks would be devoted to plenary meetings.

12. Pursuant to that decision, the Commission further decided that:

(a) The thirty-first session would be held from 21 January to 8 March 2013. The plenary parts of that session would be held, subject to the approval by the General Assembly, from 28 January to 1 February and from 25 February to 1 March 2013;

(b) The thirty-second session would be held from 15 July to 30 August 2013. The plenary parts of that session would be held, subject to the approval by the General Assembly, from 12 to 16 and from 26 to 30 August 2013;

(c) The thirty-third session would be held from 7 October to 22 November 2013, with no plans for plenary meetings.

13. In addition to increasing to 21 the number of weeks of meetings for the year 2013, the Commission decided to adopt a new working arrangement for its subcommissions. It decided to establish four new subcommissions so that six subcommissions would actively consider submissions. Further, in establishing those subcommissions in accordance with rule 42 of the rules of procedure, the Commission would take into consideration the membership of the existing ones. The appointment of members of the new subcommissions would be carried out in such a way that, as a result, three groups of members of the Commission would be formed to handle the work of two separate subcommissions, with each subcommission electing its officers for the consideration of each submission before it.

14. The Commission also agreed that this arrangement should be applied flexibly, taking into account the specifics of each submission.

15. In the light of that decision, the Commission agreed to establish four new subcommissions at the thirtieth session. The composition of two of them would be identical to the membership of the existing subcommissions, namely, those established for the consideration of the submissions made by Uruguay and the Cook Islands concerning the Manihiki Plateau. So as to achieve a balanced three-group arrangement referred to in paragraph 13 above, the Commission also agreed to make necessary changes in the membership of the two existing subcommissions. In doing so, it took into account the need to ensure equitable distribution of the workload as well as the expertise of members and geographic distribution among them.⁶ The membership of the other two subcommissions, representing the third group, would then be determined ex novo.

16. The Commission decided to keep these working arrangements under review and to again include the workload of the Commission as an agenda item for the thirty-first session.

17. The Commission also decided that, following the election of members of the Commission at the twenty-second Meeting of States Parties, the ad hoc working group appointed by the Commission to address issues relating to its workload⁷ had to be reconstituted. Messrs. Carrera, Haworth, Heinesen, Mahanjane, Njuguna, Oduro, Park, Paterlini and Urabe would form the core group of the ad hoc working group. Mr. Carrera was appointed Chair.

Item 7

Organization of work

18. The Commission approved its programme of work and the schedule for deliberations, as outlined by the Chair.

Item 8

Appointment of members of the subcommissions and other subsidiary bodies

Appointment of members of existing subcommissions

19. In the light of the partial change in membership of the Commission, which resulted from the elections held at the twenty-second Meeting of States Parties, certain vacancies in the two subcommissions currently examining submissions had to be filled.

20. Following consultations, the Commission appointed:

(a) Messrs. Glumov and Haworth to fill the vacancies occurring in the subcommission established for consideration of the submission made by Uruguay.⁸ A seventh member would be appointed at a later date;

⁶ See para. 20 below.

⁷ See CLCS/70, para. 50.

⁸ Thus, the composition of the Subcommission is as follows: Messrs. Charles (Chair), Glumov, Haworth (Vice-Chair), Kalngui, Lu and Rajan (Vice-Chair).

(b) Messrs. Madon and Marques to fill the vacancies occurring in the Subcommittee established for consideration of the submission made by the Cook Islands concerning the Manihiki Plateau. In the light of the decision on new working arrangements and in order to accommodate the requirements of rule 42 of the rules of procedure, the Commission decided to appoint Messrs. Awosika and Heinesen to that Subcommittee to allow Messrs. Kalngui and Urabe to be appointed as members of other subcommittees.⁹

21. The Commission also decided that it would fill the vacancies of the subcommittees that had already issued recommendations, if and when the need arose.

Establishment of new subcommittees

22. The Commission recalled that the submissions made by Myanmar; Yemen; the United Kingdom of Great Britain and Northern Ireland, in respect of the Hatton Rockall Area; Ireland, in respect of Hatton-Rockall Area; and Fiji were at the head of the queue.

23. With regard to the submission made by Myanmar, the Commission noted that in a note verbale addressed to the Secretary-General on 5 July 2012, Myanmar had referred to the judgment of the International Tribunal of the Law of the Sea in Case No. 16, “*Dispute concerning delimitation of the maritime boundary between Bangladesh and Myanmar in the Bay of Bengal (Bangladesh/Myanmar)*”, and had requested that a subcommittee be established to examine the submission made by Myanmar without further delay. The Commission reiterated that this may represent a case in which the circumstances which had led to the postponement of the consideration of the submission might no longer exist. The Commission noted, however, that it was not in a position to establish a subcommittee, owing to the absence of an official communication from Bangladesh.¹⁰ Consequently, the Commission decided to address a letter to the Government of Bangladesh seeking an indication as to its position in that regard. It was also agreed that a communication from the Chair would be addressed to Myanmar with a view to informing its Government of the above.

24. With regard to the submissions made by Yemen; the United Kingdom of Great Britain and Northern Ireland, in respect of the Hatton Rockall Area; Ireland, in respect of the Hatton-Rockall Area; and Fiji, the Commission recalled its decisions made at earlier sessions.¹¹ Noting that there had been no developments to indicate that consent existed on the part of all States concerned allowing their consideration, the Commission decided to further defer the establishment of subcommittees for the consideration of those submissions. It also decided that, since those submissions remained next in line for consideration as queued in the order in which they were received, it would revisit the situation at the time of establishment of its next subcommittee.

⁹ Thus, the composition of the Subcommittee is as follows: Messrs. Awosika, Carrera (Chair), Heinesen, Madon (Vice-Chair), Marques, Oduro (Vice-Chair) and Park.

¹⁰ For details on the consideration of this submission, see: CLCS/64, paras. 35-40, CLCS/68, paras. 50-51, CLCS/70, para. 42, CLCS/72, para. 43 and CLCS/74, para. 59.

¹¹ See, respectively, CLCS/64, paras. 40 and 71, and CLCS/68, para. 51; CLCS/68, para. 19; and CLCS/64, paras. 46 and 52. See also CLCS/70, para. 42.

25. In the light of its decision on the workload, the Commission decided to establish subcommissions for consideration of the four submissions that were next in the queue. These are (a) the submission made by Argentina; (b) the submission made by Ghana; (c) the partial submission made by Iceland on the Ægir Basin area and the western and southern parts of Reykjanes Ridge; and (d) the partial submission by Denmark on the area north of the Faroe Islands.

(a) Subcommission established for consideration of the submission made by Argentina

26. The Commission decided to establish the Subcommission for consideration of the submission made by Argentina and appointed Messrs. Awosika, Carrera, Oduro, Park, Heinesen, Madon and Marques as members.¹²

(b) Subcommission established for consideration of the submission made by Ghana

31. The Subcommission met and elected Mr. Urabe as its Chair and Messrs. Mahanjane and Paterlini as Vice-Chairs.

(d) Subcommission established for consideration of the partial submission made by Denmark on the area north of the Faroe Islands

32. The Commission decided to establish the subcommission for consideration of the partial submission made by Denmark on the area north of the Faroe Islands and appointed Messrs. Charles, Glumov, Haworth, Kalngui, Lu and Rajan as its members. A seventh member would be appointed at a later date.¹⁵

The Committee met and elected Mr. Carrera as its Chair and Messrs. Park and Roest as Vice-Chairs.

Item 9**Consideration of the submission made by Uruguay¹⁶****Report of the Subcommittee**

39. The Chair of the Subcommittee, Mr. Charles, reported on the progress of its work. He informed the Commission that Mr. Haworth had been elected as a Vice-Chair and that Mr. Rajan would continue to be the other Vice-Chair. During the thirtieth session, the Subcommittee had met on 8 and 10 August 2012. Meetings had been attended by Messrs. Charles, Haworth, Glumov, Kalngui, Lu and Rajan. The Subcommittee had discussed the status of the submission made by Uruguay. It had considered the communication from Uruguay, dated 9 July 2012, and had decided to invite the delegation of Uruguay to present an update on the progress of its work at the thirty-first session, during the week of 21 to 25 January 2013. Should the delegation of Uruguay not be in a position to avail itself of that opportunity, the members of the Subcommittee would devote that period of the thirty-first session to their work in the subcommittee established to examine the partial submission made by Denmark on the area north of the Faroe Islands.

Report of the Subcommission

40. The Chair of the Subcommission, Mr. Carrera, reported on the progress of its work. He informed the Commission that Messrs. Madon and Oduro had been elected Vice-Chairs. He then made a presentation on the status of work in relation to the submission, bringing to the attention of the Commission the amendments made by the Cook Islands to its original submission.¹⁸ The Commission decided to instruct the Subcommission to inform the delegation that a revised executive summary would be required in order to publicize the amendments to the original submission. It also decided that the provision of one hard copy and one electronic copy in a secure format of the revised executive summary would suffice and that, notwithstanding section II of annex III to the rules of procedure, the Subcommission would continue its work in the meantime.

41. The Subcommission met from 15 to 17 August 2012. The meetings were attended by Messrs. Awosika, Carrera, Heinesen, Madon, Marques and Oduro. During that period, the Subcommission continued its examination of the submission. The Subcommission decided that its members would continue to work individually on the submission during the intersessional period, and that it would resume its consideration of it as a subcommission from 21 to 25 January and from 4 to 8 February 2013. 44. Ms. Tibaijuka stated that the area of continental shelf covered by the submission was not subject to any disputes. She observed that the United Republic of Tanzania had signed an agreement with Kenya extending the maritime boundary from the 1976 territorial sea and an exclusive economic zone boundary to the

outermost limits of the continental shelf as far as that limit may be established. She also noted that the United Republic of Tanzania and the Seychelles had signed a memorandum of understanding indicating no prejudice to each submission in areas of potential overlap. In that connection, Mr. Shaaban reiterated the view that there were no maritime boundary disputes with any neighbouring States.

45. The Commission then continued its meeting in private. Addressing the modalities for consideration of the submission, the Commission decided that, as provided for in article 5 of annex II to the Convention and rule 42 of the rules of procedure, the submission would be addressed by a subcommission to be established in accordance with rule 51, paragraph 4 ter, of the rules of procedure, at a future session. The former Chair of the Commission, Mr. Carrera, informed the Commission of his statement and presentation during the twenty-second Meeting of States Parties to the Convention and about the outcome of that meeting in relation to the Commission. In particular, he highlighted the statements made by delegations regarding the workload of the Commission.²⁰

47. The Director of the Division brought to the attention of the Commission relevant elements from statements made by the representatives of States parties, as recorded by the Secretariat. He also informed the Commission of the pledge made during the Meeting by a State party to contribute to the voluntary trust fund for the purpose of defraying the cost of the participation of the members of the Commission from developing States in its meetings.

48. The Commission took note of the information reported and stressed the importance of ensuring that the issue of the workload of the Commission be included in the agenda of the twenty-third Meeting of States Parties.

Item 13

49. The Chair, Mr. Park, reported that even though no circumstances related to the issue of confidentiality had arisen, the Committee had held a meeting on 7 August 2012 and had decided that it would follow the past practice according to which it would convene meetings upon the instruction of the Commission, as required, and within its mandate.

Item 17

Other matters

Presentation of the submission made by Argentina

53. Argentina had presented its submission on 26 August 2009, at the twenty-fourth session of the Commission.²¹ By a note verbale dated 5 July 2012, the Government of Argentina requested the Commission to provide it with the opportunity to make a new presentation of its submission, in view of the time elapsed since the first one and for the benefit of the newly elected members of the Commission.

54. The second presentation of the submission to the Commission was made on 8 August 2012 by Mateo Estrémé, Chargé d'affaires ad interim of the Permanent Mission of Argentina to the United Nations and head of delegation; Frida M. Armas-Pfirter, General Coordinator of the Comisión Nacional del Límite Exterior de la Plataforma Continental (COPLA); and the following consultants from COPLA: Juan Bautista Allegrino, Yanina Berbeglia, Lucia Dalmau, Edgardo Monteros and Carlos María Urien. The delegation of Argentina also included other scientific, legal

and technical advisers, including Karl Hinz, a former member of the Commission on the Limits of the Continental Shelf.

55. In addition to elaborating on substantive points of the submission, Mr. Estrémé informed the Commission that one of its current members, Marcelo Paterlini, had been involved in the preparation of the submission.²²

56. Mr. Estrémé noted that, even though the presentation to the thirtieth session contained new elements that were complementary to those included in the original submission made by Argentina on 21 April 2009, none of the outer limit points had been modified. He also reiterated the position of Argentina as stated during the presentation to the Commission at its twenty-fourth session regarding its claims over “Islas Malvinas, Georgias del Sur and Sandwich del Sur and the corresponding island and maritime areas”, as well as the reservations to the note verbale from the United Kingdom dated 6 August 2009. Mr. Estrémé noted that, as stated in its note of 21 April 2009, Argentina had taken into account the circumstances of the region south of 60°S. He therefore requested the Commission, in accordance with its rules of procedure, not to take any action for the time being with regard to the part of the submission that related to the continental shelf appurtenant to Antarctica.²³

57. The Commission then continued its meeting in private. It recalled that at its twenty-fourth session, it had taken note of the following notes verbales: from Argentina, dated 21 April 2009; from the United Kingdom, dated 6 August 2009; from the United States of America, dated 19 August 2009; and from the Russian Federation, dated 24 August 2009. It took also note of the communications received after the first presentation by Argentina, namely, the notes verbales from: India, dated 31 August 2009; the Netherlands, dated 30 September 2009; Japan, dated 19 November 2009; and Argentina, dated 8 August 2012. Taking into consideration those notes verbales and the two presentations made by the delegation, the Commission reiterated its instructions to the Subcommission, in accordance with the rules of procedure, not to consider and qualify those parts of the submission that are subject to dispute and not to consider and qualify the part of the submission that relates to the continental shelf appurtenant to Antarctica.

Report of the Chair of the Subcommission established to examine the submission made by Argentina regarding the progress of work during the thirtieth session

The meetings from 13 to 24 August were attended by Messrs. Awosika, Carrera, Heinesen, Madon, Marques and Oduro. The Subcommission commenced its consideration of the submission and held four meetings with the delegation of Argentina. During those meetings, the Subcommission made a number of observations on the material received and posed a first set of questions to the delegation, to which the delegation provided answers. The Subcommission decided that it would resume its consideration of the submission from 19 to 22 February and from 4 to 8 March 2013. It might also continue its work on the submission between 11 and 15 February 2013.

The Subcommittee decided to invite the delegation of Iceland to meet with it during the week of 4 to 8 February 2013.

Report of the Chair of the Subcommittee established to examine the partial submission made by Denmark in the area north of the Faroe Islands regarding the progress of work during the thirtieth session

61. The Chair of the Subcommittee, Mr. Rajan, informed the Commission that the Subcommittee had met on 10 August and from 13 to 24 August 2012. Meetings had been attended by Messrs. Charles, Glumov, Haworth, Kalngui, Lu and Rajan. The Subcommittee had commenced its consideration of the submission, verifying its format and completeness, and had then proceeded to undertake a preliminary analysis of it. The Subcommittee had concluded that further time would be required to examine all the data and prepare recommendations for transmittal to the Commission.

62. The Subcommittee had decided that its members would continue to work individually on the submission during the intersessional period. It had also decided that it would meet from 21 to 25 January 2013, prior to the plenary of the thirty-first session of the Commission. The Subcommittee had decided to keep the week from 4 to 8 February 2013 open for meetings between it and the delegation of Denmark, should such meetings be either deemed useful by the Subcommittee to expedite its work, or required by the delegation.

Summaries of the recommendations

63. The Chair of the Commission recalled that, at the end of May 2012, the then Chair of the Commission had addressed letters to four coastal States, namely, Barbados, Brazil, France and the Philippines, in respect of their submissions for which the recommendations had been issued but summaries had not yet been published.²⁴ In the letters, the Chair had expressed the intention to have the summaries of the recommendations published by 15 June 2012, the day of expiration of the term of office of members of the Commission.

64. The Chair informed the Commission that three States had responded and confirmed that there was no information of a confidential nature that would have prevented the summaries from being published in the form adopted. However, he noted that Brazil, in a communication dated 11 June 2012, had stated that the summary of the recommendations was still under examination.

65. On that occasion, the Commission reaffirmed the great importance of the transparency of its work and the consequent need to ensure that the summaries of all the recommendations become publicly available in conformity with its rules of procedure.

66. The Commission agreed that its Chair would address a letter to Brazil, encouraging it to complete the review of the summary of the recommendations as soon as possible.

67. The Chair would also respond to another communication, dated 6 June 2012, in which a State party to the Convention, namely, Germany, had renewed its request that the summary be published, informing that State that the Commission had taken steps with a view to speeding up the publication of the above-mentioned summary.²⁵
